(Epub Kindle) Cracking the Coding Interview, 6th Edition: 189 Programming Questions and Solutions (PDF) Read Online

Click button below to download or read this book

Description

I am not a recruiter. I am a software engineer. And as such, I know what it's like to be asked to whip up brilliant algorithms on the spot and then write flawless code on a whiteboard. I've been through this as a candidate and as an interviewer. *Cracking the Coding Interview, 6th Edition* is here to help you through this process, teaching you what you need to know and enabling you to perform at your very best. I've coached and interviewed hundreds of software engineers. The result is this book. Learn how to uncover the hints and hidden details in a question, discover how to break down a problem into manageable chunks, develop techniques to unstuck yourself when stuck, learn (or re-learn) core computer science concepts, and practice on 189 interview questions and solutions. These interview questions are real; they are not pulled out of computer science textbooks. They reflect what's truly being asked at the top companies, so that you can be as prepared as possible. **WHAT'S INSIDE?** 189 programming interview questions, ranging from the basics to the trickiest algorithm problems. A walk-through of how to derive each solution, so that you can learn how to get there yourself. Hints on how to solve each of the 189 questions, just like what you would get in a real interview. Five proven strategies to tackle algorithm questions, so that you can solve questions you haven't seen. Extensive coverage of essential topics, such as big O time, data structures, and core algorithms. A behind-the-scenes* look at how top companies like Google and Facebook hire developers. Techniques to prepare for and ace the soft side of the interview: behavioral questions. For interviewers and companies: details on what makes a good interview question and hiring process.

So you should really know the ins and outs of the role and why you (might) want to work for that particular company. What is your greatest weakness? There is an art to answering this question: it involves turning your weakness into a strength. But if you do, it is wise to add that your willingness to meet deadlines helps you manage your time. What is your greatest strength? You may be proud of your crochet skills, but is it relevant to the job? Prior research is fundamental. Maybe five years from now, you will want nothing to do with this company. Talk about new opportunities. Did it teach a lesson, or was there a moral to the story? The reader of your summary must have an understanding of the book without ever having read it. Create an IntroductionAt the end of the book, you should have a few pages of notes and a good understanding of what happened, who the main characters were, and all the important plot points. They might like to hear that you want to specialize and take on more responsibility. What are your salary expectations? This is a horrible question. Talk about your hobbies and motivations and feel free to show your personality. If you have not created a sketch before, now is the time to do it. This question is equally important, you also need to know how long the summary should be, you want to start with a strong introduction that tells the reader exactly what you want him to know. And try to relate what you say to work. No, the answer is not "Acá~Á"for the money.Á Even if it is. Recap the highlights of your resume and emphasize any qualifications and experience that fulfill the requirements for the job. What do you need to know to understand what the book was about? So to help you prepare, here are the top 10 interview questions you might be asked - along with some answers As soon as you are sure certain Erugif A of Setadidnac Dohya Nac Sreyolpe boy; hgh ot et € ht € ~ ~ ~ ~ ~ el el el el el el ll nam. elpna plastic thgim uoy .uoy Morf StcePXe rehaw wonk h \ à € - € ~ € ~ € - € ~ € - € uoy fi .sriht Eb Osla Liw tnemecnavda Refatropta Tuoba Refits TahI Gnitseuqer Si EHS RO EH, YARRMMUSE A etirw ot uoy sksa de rehwa.tsedom nod nod .o € Á € ~ € yammus Ro Reen Roose Ni Fiesruoy Gnitup Tnit .Lht Erewht Erewht Erewht .Tsap E HT Ni Ecalpkrow EH Cusserp H H H H HNIW TalmaT AFIW PU EmoVs A Tahnta Elbatpeca Ni GnoieAb Uto OD WOH?
